## Summary

---

Frontend developer with over 6 years of experience building scalable and maintainable web applications, primarily in the online casino industry. Specialized in **React**, **TypeScript**, **Redux**, and **Next.js**, with a strong focus on performance optimization, SEO, and scalable architecture (**FSD**). Proven track record delivering complex projects such as marketplaces, CRMs, and gaming platforms, including real-time features using **WebSocket**. Actively participate in code reviews to improve code quality and consistency within the team, as well as implementing **unit testing** to enhance product stability and reliability. Experienced team lead and mentor, passionate about improving development processes and driving user-centered product growth.

## Experience

---

Aimit

September 2022 – Present
