Professional Experience

Proflit - React JS Developer

Location: Yerevan | Duration: March 2020 - August 2022

- Developed and designed pages for a keto shop using HTML, CSS, and JavaScript, ensuring a visually appealing and responsive user interface.
- Implemented a social network platform, utilizing Next.js and JavaScript.
- Collaborated with cross-functional teams to gather requirements and translate them into functional and user-friendly features.
- Conducted code reviews to maintain high code quality, providing constructive feedback and ensuring adherence to best practices.
- Resolved technical issues promptly to ensure seamless operation of web applications.

Aimit - Strong Middle React JS Developer

Location: Yerevan | Duration: September 2022 - Present

- Worked on the implementation of a CRM (Customer Relationship Management) system using Next.js and TypeScript.
- Participated in writing the codebase using the principles of atomic design.
- Actively participated in comprehensive code reviews to ensure code quality, adherence to coding standards, and identification of potential issues.
- Contributed to the adoption and implementation of Feature-Sliced Design (FSD) principles, enhancing the codebase's modularity and organization.
- Collaborated closely with team members in the design and implementation of features, thereby enhancing the overall functionality of the CRM system.
- Actively engaged in the onboarding process of new team members, facilitating their smooth integration into project workflows and fostering alignment with the company culture.
- Actively participated in training and mentoring junior colleagues, providing guidance on technical concepts, coding practices, and project workflows.
- Contributed to task planning and implementation for common features.
